

Ad hoc announcement

28/09/06

AT&S receivables from BenQ Mobile Germany amounts to EUR 1 Million and are covered by insurance

AT&S AG, Vienna, Austria, September 28, 2006

Following today's announcement by BenQ Mobile that they may file for insolvency in Germany, AT&S Austria Technologie und Systemtechnik AG informs that the receivables from BenQ Mobile Germany amounts to EUR 1 Million and are covered by an insurance.

In the first quarter 06/07 BenQ Mobile made roughly 3% of total sales of the AT&S Group, roughly half of it with Asian and half with German Plants.

From today's point of view AT&S does not anticipate any need for additional write off out of this potential insolvency and is looking forward to a continued supplier relationship with the BenQ group.

AT&S will present its half-year figures on October 24.
